John's Schedule

1. Determine what pieces you need and print (edit text first if using your own description).
2. Laminate pages with thick lamination (I suggest 5 mil).
3. Cut out pieces and add Velcro on the back of each piece.
4. Laminate cardstock or paper (I color code my students boards).
5. Add Velcro strip to cardstock for pieces to stick.
6. SCHEDULE IS READY!

*I keep an envelope or small container for finished pieces. You can also put on the back of the cardstock or have a second piece of cardstock for "finished" things.

4 VERSIONS!
